We are so excited that we have been able to start offering some essential visits and family visitors. We know that this has been a huge relief to everyone. We thank you for your patience during this time. We feel like we are on the downhill side of things.

## *Twin Lakes Manor Updates*

Last month we welcomed our new resident, Linda! Linda is adjusting to life here at TLM just great, if you are dropping by feel free to stop and say hello (socially distanced of course).

We began clean up in the front and backyard after the winter storms so everyone can enjoy their time outside. We encourage our residents to get outside at least once a day for some fresh air and sunlight! If you are stopping by for a visit longer than 15 minutes we also encourage that you do so outside, weather permitting, or in the residents room with the windows open.

Some of you may have already noticed the changes we made to the front door. Late last month we began installing a delayed egress system to the door, when active this system requires the person to press on the bar for 10 seconds before the door sounds an alarm and opens. This measure was taken to further improve the safety and wellbeing of our residents.
